TO WHOM IT MAY CONCERN

RECOMMENDATION LETTER FOR MEPHIBOSETH BIRUNDU ISABOKE

ID/NO.39313742

This is to confirm that the above named student from Dedan Kimathi University was attached at KEFRI's Central Highland Eco-Region Research Programme (CHERP) Muguga for 3 months with effect from 20th January 2023 to 21st April 2023.

During the period of attachment, he gained skills in various KEFRI sections namely:

- Forest soil science
- Forest pathology

I wish to acknowledge that he was a hardworking person who does his work independently and at minimal supervision. In addition, he is also a good team player who gets along well with others.

We therefore trust that he gained exposure and experience and wish to highly recommend him to any organization that may require his expertise and/or services.

We wish him well in his future endeavors.

Thank you.

Stephen Omondi (PhD)
Deputy Regional Director
CHERP-Muguga
